Message from the Director

Dear Students & Parents: *Assalamu alaikum wa rahmatullahi wa barakatuhu!*

I would like to welcome you to BAYAAN ACADEMY. We are happy you have chosen BAYAAN ACADEMY as your school. I hope that BAYAAN ACADEMY will meet and exceed your expectations in every way: academically and Islamically.

Let us work together to make this year a most successful one!

Wassalamu alaikum,

Sr. Magda

A Word from the Hifdh Program Team

In the Hifdh Program, we believe that the Qur'an is a gift from Allah SWT to humanity and to Muslims in particular. It is the goal of the Hifdh Program team to instill in Bayaan Academy's student a love for the Qur'an and a true understanding of its meanings and their implications on our lives.

Introduction

Bayaan Academy is dedicated to working with families to provide opportunities for students to draw out their abilities assuring growth in the present and preparing them for the future. Bayaan Academy is collaborating with Ahlul-Quran Academy to help ensure the students' success not only in the state-approved academic areas, but also in Qur'an, Arabic & Islamic Studies.

We eagerly welcome you as active participants in your child's educational development.

The purpose of this Student-Parent Handbook is to provide the families with basic information regarding BAYAAN ACADEMY's instructional program and operating procedures. Parents are encouraged to discuss the information in this handbook with their children.

Family and community support is essential in the development of an effective educational program, and we are confident that both you and your children will have positive and enriching experiences at BAYAAN ACADEMY.

The Need for Islamic Education

According to a *hadith* mentioned by Ibn-Katheer and narrated by Abu Huraira in Musnad Ahmad, some individuals residing in very high levels of paradise would wonder how they reached these levels, when their own deeds were not enough for that. Allah will say to them, "You left behind your children who were praying for you all the time, and this kept raising your levels in paradise higher and higher."

We believe that BAYAAN ACADEMY offers one of the finest Hifdh & Academic programs in the nation. We have instructors who are well-qualified in the instruction of Islamic studies that include Qur'anic Studies, Aqeedah, Fiqh, Seerah, Hadith, Islamic Etiquette, Islamic Civilization and Arabic to Understand Qur'an. Strong emphasis is placed on building character. Moral principles are taught which will clearly establish within the students the concept of Tawheed (oneness), duty to our fellow men and the difference between right and wrong.

Discipline is fostered, and an appreciation for leadership and family structure is outlined for all students in all grades. BAYAAN ACADEMY believes that education is a comprehensive concept, which encompasses all spheres: spiritual, moral, intellectual and physical. In all these areas, our orientation draws from the Islamic heritage and disciplines as well as modern educational disciplines. Teamwork, the value of time, the importance of giving, and a true love for Prophet Muhammad SAWS are all part of the focus at Bayaan Academy.

At BAYAAN ACADEMY, we believe we must provide the environment and structure that allow all BAYAAN ACADEMY students to engage in experiences that will help prepare them in full measure to reach their potential and become responsible, contributing individuals.

Elementary education is contingent upon the students meeting their cognitive and intellectual abilities with effective success, thus promoting increased self-esteem. Hence, to improve instruction, a multitude of strategies and techniques is used, and each teacher possesses the knowledge to articulate and apply these strategies to positively impact students' education. When teachers teach with a myriad of strategies relative to different learning styles, they will not only improve student achievement, but will also increase the likelihood that students will feel good about themselves and ultimately be more successful in and out of the classroom.

Secondary education builds on the foundation established in the Elementary level and strives to prepare each student for life: academically, socially and Islamically. The goal is to give the students the knowledge, the tools, and the life experiences they will need to perform successfully in institutions of higher learning, as well as in their jobs, their communities and their homes.

School of Thought Followed by BAYAAN ACADEMY

BAYAAN ACADEMY is a Sunni institution and follows the teachings and tenets of Ahl-us-Sunnah wa-l-Jamaa'ah.

Vision Statement

BAYAAN ACADEMY's vision is to equip its students with the essential skills and character, enabling them to be the torchbearers for the generations to come.

Mission Statement

Bayaan Academy's mission is to foster a culture of treating students as assets, by providing appropriate measures for their mental, physical and spiritual growth.

Philosophy

Islam enjoins learning from the cradle to the grave. As an Islamic school, BAYAAN ACADEMY strives to fulfill this command.

BAYAAN ACADEMY's philosophy is rooted in the belief that every student has the right to the best quality of education available, and that education is a process which encompasses all the experiences students encounter in their school. BAYAAN ACADEMY's philosophy is also rooted in the belief that classroom instruction is only one small aspect of a student's educational experience, and that students learn from the behavior and actions of the adults around them more than they learn from books. Finally, it is rooted in the belief that students' knowledge and pride in their religion and heritage are key to their well-being and success.

It is part of BAYAAN ACADEMY's philosophy that:

1. Each student is a unique individual with different needs.
2. The school must be able to serve the needs of each and every student accepted into its programs.
3. The school shall endeavor to assist the students in the discovery of their individual potential and their own personal worth.
4. The school should encompass a balanced curriculum of academics and art, clubs and activities, sports and community service.
5. The teaching of religious tolerance and ethnic/cultural equality leads to an improved society.
6. The school should guide its students in their academic and spiritual endeavors and help them become well-balanced individuals.
7. Students achieve more when challenged with high expectations.
8. Problem-solving and critical-thinking skills are essential for the success of students.
9. BAYAAN ACADEMY faculty and staff should all be positive role models for the students.
10. Parents and community-members are an integral part of the education process.
11. Hifdh and Academic teachers collaborate for the benefit of the students.

Objectives

1. To instill in our students a real love of learning to make them lifelong learners.
2. To open our students' eyes and hearts to the miracle of the Qur'an.
3. To offer the best possible educational opportunities and experiences to allow our students to reach their highest potential.

4. To develop in our students a desire, willingness and ability to be positive, contributing members of their school community and of the community at large.
5. To instill in our students a real love for and understanding of the teachings and practices of Islam, with particular emphasis on respect, effective communication, and cooperation.
6. To provide an Islamic environment in which each student can develop physically, socially, emotionally, and intellectually.
7. To integrate the secular curricula with Islamic education, to present Islam to the Bayaan Academy students as a complete way of life.
8. To develop in our students strong leadership skills by fostering self-discipline, self-motivation, strong work habits, the ability to think critically, and the desire to do one's best.
9. To encourage each student to cherish his/her own cultural values and heritage and to respect individuals with different cultural backgrounds.
10. To develop each student's ability to analyze and solve problems facing individuals in a rapidly changing world.
11. To promote the students' ability to understand their potential and set both short- and long-term goals.
12. To prepare students to do well on standardized tests.
13. To empower students to seek and succeed in post-secondary education.
14. To hire the most qualified faculty and staff.
15. To provide faculty, staff, and students access to the best possible resources to enable them to reach their highest educational and extracurricular goals.
16. To include parents in the educational process by regularly updating them on activities; including them in special trainings and workshop opportunities dedicated to supporting their parenting duties; and inviting them to participate in all Bayaan Academy activities.

Non-Discrimination Policy

BAYAAN ACADEMY is committed to serving students of any race, color, religion, gender, national or ethnic origin, and accords them all the rights, privileges, programs, and activities generally accorded, or made available to students at the school. It does not discriminate on the basis of race, color, religion, gender, national or ethnic origin in the administration of its educational policies, admission policies, scholarship programs, and athletic or other school-administered programs.

Religious & Ethnic Tolerance

All members of BAYAAN ACADEMY's administration, faculty, staff and students are expected to respect the religious beliefs and ethnic backgrounds of all administration, faculty, staff, parents and students.

Members of BAYAAN ACADEMY's administration, faculty, staff, parents and/or students are not allowed to promote any religious beliefs and/or practices besides those that are accepted and/or taught by BAYAAN ACADEMY while on BAYAAN ACADEMY property, at BAYAAN ACADEMY events or to BAYAAN ACADEMY students and/or staff. Promotion refers to talking about or distributing information about these beliefs and/or on any published medium, including social-networking sites.

Parent-School Agreement

Parents are expected to support and uphold BAYAAN ACADEMY's policies. Without this cooperation and confirmation from the parents, a double standard exists between home and BAYAAN ACADEMY, which is counter-productive to the student's development and our effectiveness. If, at any time, misunderstandings develop between the school and home, it becomes the obligation of both to seek clarification and explanation.

All suggestions and comments from the parents will be examined fully, and are welcomed and encouraged for the overall strengthening of the school.

The school agrees to work closely with the parents in the education of the child. This includes provision of competent teachers, a full and developmentally-appropriate curriculum, regular reporting of student progress, proper student supervision, and communication with the home. In full cooperation with the school, parents are expected to attend Parent/Teacher Conferences and actively support other planned activities, knowing that parental participation is critical to the health and well-being of the school and the child.

No Smoking Policy

As part of BAYAAN ACADEMY's mission to provide a safe and nurturing atmosphere for its students, staff, and parents, smoking is NOT allowed on campus at any time or at any school activities.

Dismissing Students, Parents and/or Staff

BAYAAN ACADEMY reserves the right to dismiss a student, parent and/or staff-member whose presence in the school is considered detrimental to the best interest of the student, of fellow students, or of the school in general.

BAYAAN ACADEMY also reserves the right to terminate or not renew a student's enrollment contract if the school concludes that the actions of a parent or guardian make a positive and constructive relationship impossible, or otherwise seriously interfere with the school's accomplishment of its mission.

BAYAAN ACADEMY also reserves the right to dismiss any student, parent and/or staff-member who knowingly goes against any of the school's published policies and/or promotes negative advertising against the school verbally, in writing and/or on any published medium, including social networking sites.

BAYAAN ACADEMY's Board of Directors

The role of the Board of Directors is to:

1. Ensure the financial stability of the school.
2. Set the school's mission with input from the Administration, faculty, staff and parents.
3. Set the school's policies based on recommendations of the Director.
4. Support the Vice Principal in her day-to-day operation of the school.

Parent Involvement

It is very important for parents to be involved in Bayaan Academy to:

1. Promote an atmosphere in which children can grow as individuals, each aware of his/ her own worth and value in society.
2. Foster an awareness among parents of the need for their participation in the total education of their children.
3. Develop united efforts between educators and the general public that will secure for every child the highest achievements in religious, mental, social, and physical education.

Classroom Opportunities

Parents can assist in the following:

- Coordinating special activities
- Supporting parents group activities
- Welcoming new families to the academy

Parents at BAYAAN ACADEMY can also assist with the following:

- **Events:** Volunteers help organize, decorate and clean up academy events such as Qu'ran Competitions, Spelling Bees, Science Fair, Bake Sales, Fundraising Dinners, Graduations, and other activities.
- **Beautification:** Volunteers improve and maintain the grounds around the school building and campus. Volunteers help with weeding, pruning, raking, and spreading fertilizer and mulch.
- **Hospitality:** Volunteers help provide refreshments for school events or help clean up afterwards.

Voluntarism is the means by which parents and community members contribute services to the school. Parent volunteers are very important to the success of the school. Parents are encouraged to volunteer a few hours each month based on their expertise as library assistants, homeroom mothers, lunch duty observers, parent tutors, maintenance work assistants, or in many other valuable services to the students and the operation of the school.

School/Home Communications

BAYAAN ACADEMY believes in the importance of keeping a continuous line of communication with its parents and community. Means of communication will include:

- Phone calls from teachers to update parents of their children's progress

- Parent-Teacher conferences
- Surveys
- Scheduled appointments with staff and administration.
- Updates on the BAYAAN ACADEMY web site: www.bayaanacademy.org
- Emails
- Text Messages through WhatsApp groups
- WAVE

Parents are encouraged to contact the school and request conferences with their children's teachers if they feel there is a need for such meetings.

Emergency Contact Information

Emergency contact information on each child must be available and up to date. It is imperative that the office has the parent(s)' cell phone numbers and also a number where a relative, neighbor or friend can be reached. These additional numbers are necessary if parents cannot be reached, and their child becomes ill, has an accident, or there is an emergency school closing. The office should be notified about any changes in the parent(s)' cell or home telephone numbers as soon as they occur.

Report Cards

Report Cards will be issued at the end of each quarter.

Parent-Teacher Conferences

Parent-Teacher conferences are conducted at least twice each school year. Other conferences are to be scheduled by appointments through the office. In order to provide an effective educational program, it is the policy of BAYAAN ACADEMY to maintain close communication between the home and the academy.

Parent Orientation Meetings

Two parent orientation meetings are held each year: One at the end of the school year and the other just before the beginning of the next school year. These are the times to get acquainted with the teachers, school policies, educational programs and the school in general. The general public, family, and friends are invited to these meetings.

Surveys

In order to assess the strengths and/or weaknesses of the school, Satisfaction Surveys will be completed by parents, students and staff. Results of these surveys will be publicized through the Parents' Memo and/or academy newsletter. For these surveys to be effective, it is very important that everyone respond to these surveys as honestly and as completely as possible.

Any student receiving the minimum doses must complete the series within the scheduled time span. If the immunization record or signed waiver is not on file, the student, in accordance with the law, shall not be permitted to attend school.

Allergies/Special Accommodations

It is extremely important that the administrators and teachers are aware of any type of allergy or special accommodation a child may have/need. If a child is allergic to any substance, whether it be food, an insect, or medicine, it is crucial for us to be aware of and educated about this matter.

In the case of any allergy or special accommodations, it is required that the parent obtain and submit to the Office a doctor's note stating the child's name, the allergy/condition, the accommodation recommendation/requirement, and procedures to follow in case of exposure. BAYAAN ACADEMY will cooperate with the family to the best of its ability to ensure the safety of the child.

Any child with a food allergy must also provide the academy with a list of proper nutritional substitutes for the food item.

Tuition & Fees

Please refer to the web-site (www.bayaanacademy.org) for a detailed explanation of tuition and fees or request a print-out of the Tuition Matrix from one of the administrators or by emailing info@bayaanacademy.org.

Fees are non-refundable. Tuition is due for each month or any portion thereof, and a late fee will be charged for payments received after the 5th of the month. Please note that for students transferring in to BAYAAN ACADEMY, the tuition for the 1st month of enrollment will be based on when they start: Students beginning between the 1st & the 15th of the month will be required to pay a full month's tuition; students beginning on or after the 16th of the month will pay for only half the month.

Parents have the option of paying for tuition using cash, check, credit card or money order. Parents wishing to pay by credit card should provide the school with a completed Credit Card Authorization Form allowing the school to charge the card on the 1st of each month.

Step up for Students & McKay Scholarships

BAYAAN ACADEMY is approved to accept Step up for Students & McKay Scholarship. Parents are responsible for paying the school any tuition and/or fees not covered by the scholarship.

While Bayaan Academy is approved to accept McKay Scholarships, it can only accept students who meet its requirements and who can be successfully served by Bayaan Academy's teachers and staff.

School Supplies

The school will purchase the school supplies and will charge the parents a fee at the beginning of each year to cover the cost.

Lap Top Requirement - Gr. 4 and Up

Students in Gr. 4 and up must have a laptop with both Microsoft Office and Virus Protection. The parents may request that the school provide the Microsoft Office and Virus Security at a charge of \$30 per laptop.

Student Records

The office maintains all student records. Records can be accessed by request. The school has the right to hold academic records until all financial commitments are paid in full.

Fridays

--------------	---------

Extended Day Option for Gr. 1 – Gr. 3

Parents of students in Gr. 1 – Gr. 3 wishing to drop off and pick up their children at the same time as students in Gr. 5 & Gr. 7 can choose to pay an additional \$25 per month for this option. The school will provide outdoor activities for the Gr. 1 – Gr. 3 students from 8:00 – 8:30 am and from 3:30 – 4:00 pm.

Early Pick-Up

Occasionally, parents need to pick up their children before dismissal time. This may be difficult if the student has not had time to prepare for the early pick-up. It may also cause disruption in the flow of instruction for the class that they are leaving. It is necessary, therefore, to follow a procedure that allows faculty\staff, parents, and the student to accomplish this task expediently and with as little disruption as possible. If given prior notice of early pick-up, the administrators can ensure that the student is waiting in the office when the parent arrives.

Important: Please note that parents will not be allowed to pick up their children from the classrooms before first coming to the office and signing them out.

Seat Belts & Child Restraints

For the safety of your children, we ask that they be in car seats or seat belts at all times when the vehicle is in motion.

Attendance & Tardies

Even though assignments may be completed at a later date, a student can never really make up a day missed at school. The interaction and instruction that take place in the classroom are equally as valuable as written assignments. Students should only be absent from school in case of illness, unusual family difficulties/circumstances or emergencies. Vacations/trips should be planned during published school holidays.

Students are expected to attend class regularly, so that they reap optimal benefit. In case of absence, the parents should call or text the Vice Principal by 9:00 am to explain the reason for the child's absence.

Make-up assignments should be obtained from each teacher by the student and completed within the same number of days missed. For example, if the student missed two days of school, he/she would be allowed two days after his/her return to submit the missed assignments. All missed work and assessments must be submitted/completed no later than one week after a student's return to school.

If students need to take an extended leave of absence, two weeks' written notice should be given to the Vice Principal to allow the teachers to prepare work for the students to complete in their absence. All missed work and assessments must be submitted/completed no later than one week after a student's return to school. Please note that parents will be charged regular tuition during this absence. Please also note that, if the absence is an extended one, and the student does not keep up with missed work, the school cannot guarantee the student's promotion at the end of the school year. Not all extended leaves will be approved as Excused Absences.

In the case of an extended absence, all missed work and assessments must be completed within one week after the student's return, in order for the student to receive credit for their assignments/assessments.

Medical Excuses for Absences

Up-to-date doctors' notes must be on file for any student missing school for Medical reasons or requiring special accommodations. Such notes must state when a student is able to return to school or is no longer in need of special accommodations. If absences are excessive, or extended special accommodations are requested by the parents, the school may require authorization to contact the physician to get more detailed information.

Withdrawal/Moving

Those parents of students withdrawing from the school should notify the Vice Principal at least two weeks before moving/withdrawing to give the school the new address, the date of the move and the name of the new school, if possible. Parents must request a Withdrawal Form that must be signed by the Director, or by the Vice Principal, if the Director is not available. Parents should take care of any outstanding balances, and students should return all textbooks and collect all personal items. Academic records will not be released unless all school property is returned and accounts are cleared through the bookkeeper.

School Health

In order to maintain the good health of BAYAAN ACADEMY students and staff, we request that children not be sent to school if they are sick. By keeping them at home when sick, you are helping us prevent the spread of viruses and/or infections to other children.

In case of accidents or illness at school, only minimum first aid can be provided by school personnel. The parents will be called when a child appears ill enough to go home. If a parent cannot be contacted, the designated emergency person will be contacted. If the illness or accident is serious, and the parent and/or emergency cannot be reached, BAYAAN ACADEMY staff may make the decision to contact Emergency Medical Services and, if necessary, have the child transported to the nearest hospital for care. It is essential that we have your permission to do so on the forms you filled out when registering your child. It is also very important for the school to have insurance information as well as any information related to existing health problems, so that appropriate care can be given.

In the event of an outbreak of a communicable illness or condition such as chicken pox or head lice, BAYAAN ACADEMY staff and teachers will use standard procedures for dealing with them, and every effort will be made to inform the parents as soon as possible. This information will include information on how to recognize as well as treat the problem. Every effort will be made to deal with the affected students in the kindest way and in a way which does not attract undue attention to him/her.

Medication at school requires written permission. School policy prohibits school personnel from administering any medication to students without written permission from the parents and written directions from the physician, in the case of prescription medication. An "Authorization for Medication" form must be completed and submitted to the school office. All medication must be kept in the office and administered by the office staff. Each new school year requires a new doctor's permission slip.

Please make sure that the school is aware of any allergies your child may have.

Emergency Dismissal

It is the school's policy not to dismiss children home once school has started, unless there is an extreme emergency such as a mechanical failure in the building, when inclement weather develops after school is in session, or if the child may cause injury to himself or to others. It is imperative that all parents discuss thoroughly with their children the possibility of an emergency dismissal and make certain **THEY MUST KNOW WHERE TO GO IF/WHEN PARENTS ARE NOT HOME.**

In the case of Emergency Dismissal, parents will be informed by phone (Text Message or Call). **It is imperative that the school has updated phone numbers on file.**

In the event of Fire, Tornado, or other disasters, an emergency plan will be put into operation to assure the greatest possible protection for the children. Fire and tornado procedures are posted in each classroom and general area rooms.

It should be noted that BAYAAN ACADEMY will make its decision to close or evacuate due to inclement weather based on the Hillsborough County School Board decisions, as long as the decision is based on a safety concern and not based on the fact that their schools will be used as shelters.

Field Trips

Field trips are part of the educational experience provided to BAYAAN ACADEMY students, and various field trips will be provided for students throughout the year. Any child going on a field trip must have a signed Permission Slip on file for the trip. If a teacher does not have such Permission Slip on the day of the trip, the child will not be permitted to accompany his/her class and will be assigned to another class or will be sent home. School uniforms are required for all field trips, with exceptions to be considered on a case-by-case basis.

Chaperon Dress Code on Field Trips

All chaperones on BAYAAN ACADEMY Field Trips must abide by BAYAAN ACADEMY Staff dress code.

Curricula

BAYAAN ACADEMY is committed to providing the most challenging possible curricula. The curricula must fulfill, at minimum, the standards set in the Florida Sunshine State Standards for each grade level. Students are instructed in the following academic subjects: Language Arts/English, Math, Science, Social Studies, Arabic, Qur’an, Islamic Studies, Art, Physical Education and Computer courses at various skill levels.

Parents should expect to receive a Quarterly Syllabus for each subject by the end of the second week of each quarter. These syllabi will include, but are not limited to including, the topics to be covered per week, scheduled tests and/or projects, teacher expectations and the grade distribution for the class. Textbooks/programs used in Language Arts/English, Math, Science and Social Studies are approved by the Florida Department of Education.

BAYAAN ACADEMY encourages students to develop a sense of responsibility in the care and handling of their books and materials as well as other school equipment and supplies. A charge will be assessed if books are lost or damaged beyond usual wear and tear.

Homework

The purpose of Homework is to reinforce classroom activities and assist the student in understanding the day's lessons. Homework will be assigned based on the individual needs of the child or the needs of the class. Homework shall not be assigned on a mass basis just to give the children something to do. On average, the total time for all subjects assigned (Academic + Hifdh) should be as follows:

- 1st Grade 30 – 60 Minutes per Day (A + H ≤ 60 Minutes)
- 2nd & 3rd Grades 45 - 75 Minutes per Day (A + H ≤ 75 Minutes)
- 5th Grade 60 – 90 Minutes per Day (A + H ≤ 90 Minutes)
- 7th Grade 90 – 120 Minutes per Day (A + H ≤ 2 Hours)

Please note that these times are based on the time needed by the average students; some students may require more time, others less. They are also based on the assumption that classwork has been completed in class. If classwork has not been completed in class, it may need to be completed at home and will add to the time needed for homework.

Please also note that, even if the child is not assigned a specific task for homework, he/she should always spend time each afternoon/evening reading from/reviewing his/her textbooks/Qur’an or doing outside reading.

Parents are expected to provide the proper home environment conducive to learning. There are certain things that parents can do to help their child complete his/her homework successfully. These include:

- Providing a spacious, quiet, well-lit place to study.
- Making available references that will help in doing homework: dictionary, maps, etc.
- Keeping supplies on hand: scissors, pencils, pens, etc.
- Working with the child to set a regular homework time.
- Making sure the child brings back assignments clearly written down. Parents should check and initial homework planners on a daily basis for Grades 3 - 7.

- Encouraging the child to do his/her best in spelling, handwriting, neatness and accuracy.
- Remembering that homework is assigned to the child, not the parent. The parent should be available as the guide and support.

As a general rule, no homework is to be assigned over breaks or vacations. Students will be encouraged, however, to do outside reading during these breaks and/or vacations.
